

First Day Shoe Fund has delivered more than 50,000 pairs of shoes to local children since 2006. With your help, we can do even more in the coming year.

First Day Shoe Fund provides new athletic shoes to students in need at Kalamazoo County public elementary schools. In 2022, that meant over 4,700 children received our shoes - but we know there is a lot more need.

We want all children to experience the best that school can offer them. New shoes help foster self-esteem, allow students to participate in gym, recess and sports, and fulfill a basic need that parents may not be able to afford.

By partnering with First Day Shoe Fund, you will increase your footprint within the Kalamazoo Community. If you wish to sign on, please send back the completed form or sign up online at
